DLSU Profs To Pick

VIEW ALL PROFESSORS
Upon visiting the web application, a user, who may or may not have an account may view the list of all professors on the web page, leading the user to a professor's faculty page where the user may further investigate the professor's details, reviews and ratings.

VIEW PROFESSOR REVIEWS
A user may also opt to view all reviews related to a certain professor. The overall rating of the professor will also be shown, as well as the average rating for each course.

CREATE AN ACCOUNT
A user can have the option of registering themselves and creating an account. Users that choose to create an account must fill up a form as a method of validation and such. A user need only a username, password, ID number and a DLSU email to join.

VIEW PROFILE
A user can have the option of viewing any registered user's account, where the details of the user as well as reviews the user has written can be seen.

LOG IN
A user may log in to the web application by simply inputting their username and password.

LOG OUT
A user will be given the option of logging out of their account.

SEARCH
A user may search for a certain professor available within the web application.

RATE PROFESSORS
A registered user may post a review on a certain professor. He or she simply must give identify the course taken under the professor, the body of the review and the numerical rating.

DELETE REVIEW
A registered User can delete any review they have posted on the web application.

EDIT REVIEW
A registered User can edit any review they have posted on the web application.

FILTER PROFESSORS
A user may opt to filter and segregate the professor listings on the web application per department for easier searching and the like.

GENERAL GOOD USER EXPERIENCE
Visitor can easily navigate without help; all information is easy to access. Good visual design. Design suits the theme of the application and is cohesive and consistent across the whole application.

REMOVED FEATURES
- Users with or without an account can view the main features of the web application (i.e. Viewing Professors, Rating Professors, …)
- **FILTER PROFESSORS**
